## Directors' review

We are pleased to present the Directors' Report together with the unaudited Financial Statements for the 1st quarter of financial Year 2025-26 ending 30th Sept 2025.

During the first quarter of the fiscal year 2025-26, the Modaraba delivered a commendable performance, recording growth in sales revenue, gross profit, and operating profit as compared to the corresponding period of the previous year. Both operating segments of the Modaraba i.e, corrugated packaging and soap, continued to face intense market competition. Despite these challenges, the management remains confident about continued delivery of positive financial and operational outcomes for the remainder of the year.

The Modaraba achieved a higher bottom-line profit compared to the same period last year, reflecting the effectiveness of the management's strategic initiatives and focused operational approach. This improvement demonstrates the success of the aggressive strategies adopted to enhance efficiency and profitability. Furthermore, the Modaraba has shown a notable recovery in operating profit compared to the lower level recorded in the corresponding quarter of the previous year.

## FINANCIAL HIGHLIGHTS

The Modaraba is engaged in two business segments: Corrugated Boxes and Soaps. During the first quarter of the fiscal year 2025-26, the Modaraba recorded a modest increase in revenue, resulting in higher operating profit compared to the corresponding period of the previous year. This growth in revenue is primarily attributed to the management's aggressive business expansion strategies, focusing on both segments.

The Modaraba's operating profit for the quarter rose significantly to Rs. 65.8 million, compared to Rs. 25.4 million reported in the same period last year. This improvement was mainly driven by effective cost management and the absence of a one-off marketing expense that had impacted the soap segment in the prior year.

Furthermore, the Modaraba achieved a net profit of Rs. 68.2 million during the first quarter of FY 2025-26, a substantial increase from Rs. 18.6 million earned in the corresponding quarter of the previous year. The Modaraba remains fully committed to sustaining this positive momentum by optimizing its resources and focusing on operational excellence to deliver continued growth and value for its stakeholders.

Directors’ review

CORRUGATED PACKAGING

During the first quarter, the sales revenue of the Corrugated Packaging segment recorded a slight decrease due to intensified market competition. However, in terms of profitability, the segment demonstrated improvement, with gross profit higher by 16% compared to the corresponding period last year. The segment reported net revenue of Rs. 705 million, reflecting a 3% decrease over the same period of the previous year, while gross profit increased to Rs. 34 million from Rs. 32.1 million, representing an improvement of Rs. 1.8 million.

This increase in gross profit is primarily attributable to the segment’s effective cost optimization initiatives and implementation of cost-saving strategies, which helped offset the impact of competitive market pressures. Management remains focused on maintaining a strong balance between product quality and operational efficiency through disciplined cost control and resource optimization. The segment’s current strategic priority is to retain key clients while selectively acquiring new high-value customers, thereby strengthening the Modaraba’s business portfolio and supporting its objective of sustainable and profitable growth.

SOAPS

During the third quarter of FY 2025–26, the Soap Segment recorded a gross profit of Rs. 79.6 million, reflecting an increase of Rs. 10.4 million (15%) compared to the corresponding period of the previous year. The growth in sales, volumes, and margins was primarily driven by the segment’s aggressive market strategies and proactive approach toward expanding its market presence.

Despite intensified competition in the core markets, the segment’s sales teams are actively pursuing initiatives to regain previous performance levels in both volume and revenue. The current strategic focus is on enhancing product visibility and ensuring consistent availability across key sales channels to further strengthen market penetration. Management anticipates that these focused efforts will support continued sales growth and margin improvement in the coming quarters.
