

Syed Sheharyar Ali

Mr. Syed Sheharyar Ali is a dynamic business leader with a deep interest in the automotive and allied industries. He began his career at Treet Corporation Limited — the parent company of Treet Battery Limited — in 2001 and rose to become one of the youngest Directors in the organization's history. Over more than two decades he has built broad managerial experience across a diversified portfolio spanning manufacturing, healthcare, technology, trade and distribution, and sports and education.

Today, Mr. Sheharyar Ali serves as Group Chief Executive Officer of Treet Corporation Limited, in addition to being Chief Executive Officer and Executive Director of Treet Battery Limited. His passion for the automotive sector aligns closely with his role at Treet Battery, where his leadership and commitment to innovation are focused on setting new benchmarks for quality and sustainability. He also holds Chief Executive Officer and director positions at other group entities, including First Treet Manufacturing Modaraba. He places strong emphasis on embracing new technologies to drive the company's success in an ever-evolving business landscape.

With a Bachelor of Business Administration degree in Sales and Marketing Operations from Saint Louis University, USA, Mr. Sheharyar has established himself as a forward thinking leader. His commitment to innovation and operational enhancements is evident in his tenure at Treet Battery Limited, where he upholds core values and embraces continuous improvement.
